Summary of Charter Changes

Recommended Changes to the Charter

CHARTER REVISION COMMISSION FINAL REPORT (V3) PRESENTATION TO THE BOARD OF SELECTMEN – MARCH 5, 2014

Item 1: Increase Board of Selectmen from Three to Five Members

- **Consistent with the Selectmen's charge to the Commission**
- **Greater representation for Bethel's increased population**
- **More stringent national, state and local regulatory environment**
- **Complexity and number of issues before the Selectmen**
- **Enables subcommittees and meeting of two members without constituting a quorum**

CHARTER REVISION COMMISSION FINAL REPORT (V3) PRESENTATION TO THE BOARD OF SELECTMEN – MARCH 5, 2014

Item 2: Increase term of Board of Selectmen from two to four years

- **Recognizes learning period for newly elected Selectmen: scope and responsibilities; town budgetary processes; personnel and management; regulatory environment; building relationships with surrounding communities, state and local officials and U.S. Senators and Representatives**
- **Strengthens appeal of the positions to well-qualified people**
- **Provides for continuity between administrations**
- **Reduces cost of municipal elections usually borne by a few**
- **Increases risk should voters elect weak candidates (State Statutes do not include a recall provision)**

Item 3: Compensation of Municipal Officials

- **Desire to remove politics from compensation decisions**
- **Considered requirement to use recognized indices: comparable populations, ERG, DRG**
- **Agreed on Mr. Kingston's suggestion: Require the Board of Finance to set the compensation of elected officials (Registrars of Voters, Town Clerk, Town Treasurer, Selectmen and First Selectman) during the budgetary process preceding each municipal or state election.**

- **Current threshold is \$25,000 for approval of bonds, appropriations and grant acceptance.**
- **Not changed since 2003 (bonds & appropriations) and 2007 (acceptance of grants).**
- **Updating for today's financial realities**

Item 9: Reference to full-time positions

- **Current Charter labels some classified employee positions as “full-time”, but not all. This is a matter of personnel policy fully covered by Chapter 19 of the Town’s Code of Ordinances**
- **References to “full-time” positions to be deleted as unnecessary in the Charter**

CHARTER REVISION COMMISSION FINAL REPORT (V3) PRESENTATION TO THE BOARD OF SELECTMEN – MARCH 5, 2014

Item 11: Recognize the Fire Companies

- **The current Charter is silent on the existence, responsibilities and operations of the Bethel and Stony Hill fire companies**
- **The Commission considered options for Charter inclusion: recognition, reporting relationship, a Fire Commission and a Public Safety & Emergency Services Commission**
- **For this revision Recognition, including the existence, responsibilities, operating requirements (Fire Company charters and state regulations), and reporting relationship to the Town is recommended**

Item 12: Town Department Line Item Budget Review and Approval

- **Input received from the Public, the Board of Selectmen and Chairman Kingston**
- **Board of Finance Authority to extend to departmental bottom line budgets, not individual line items**
- **Departments possess the expertise to decide on line item changes to achieve BOF bottom line objectives**
- **Recommendation does not change BOF authority with respect to its town budget objectives**

Item 14: Budget Neutral Transfers

- **Update the Board of Selectmen’s authority threshold from \$25,000 to \$50,000 within individual Town departments**
 - **Improves management flexibility and operational efficiency**
 - **Recognizes that budgets are established months before implementation and conditions change**
 - **Does not allow an overall Town headcount change without Board of Finance approval**
- Note: Section C8-13B(2) requires the Comptroller to report monthly to the Board of Finance the amount of any appropriation, transfer, encumbrance and expenditure.

CHARTER REVISION COMMISSION FINAL REPORT (V3) PRESENTATION TO THE BOARD OF SELECTMEN – MARCH 5, 2014

Item 16: Board of Education Special Revenue Funds Account

- **Requested by Mr. Craybas on behalf of the BOE**
- **Recognizes that the BOE receives funds external to State and Town resources (U.S. Department of Defense funding of the BHS NJROTC program, individual student contributions to the Student Activities Fund)**
- **External funds should not be co-mingled with general revenue.**

- **Note: The item has been determined to be unnecessary as provisions in State Statutes provide the Board of Education with authority over special revenue funds. Additionally, the BOE and the BOF are converging on an appropriate agreement regarding these funds. The Item has been moved to the Section II of the Tracking Document.**
