**Regional Recycling Task Force Meeting
Thursday, February 4, 2010, 10:30 a.m.
Brookfield Town Hall
Second Floor Conference Room**

RECEIVED

JAN 25 2010

**TOWN OF BETHEL
TOWN CLERK**

EMJ 10:30am

AGENDA

1. Call to order
2. Approval of minutes of Jan. 7, 2010
3. 2010 Earth Day Poster Contest - Any questions or concerns?
4. What would your ideal recycling program for our region look like? Help us design a new system. Consider such issues as:
 - a. What should be the goal of a new regional recycling program?
 - b. What items should be recycled from the curbside? How should they be collected? How often?
 - c. Should we abandon the blue bag program? If so, what kind of container should be used? Who should pay for it?
 - d. Should the program be single stream, dual stream or both?
 - e. How should we best communicate information about a new regional program? Where are the biggest challenges, i.e. multi-family housing units, businesses, the elderly, English as a second language populations, young adults, special venues, municipal/school facilities, etc.
 - f. Who/how should we pay for recycling? Should recycling be subsidized by the charges for garbage collection and disposal?
 - g. Should the number of garbage/recycling haulers collecting in each town be limited somehow?
 - h. Would the public be willing to pay for recycling collection (and/or garbage collection) through their taxes?
5. Items brought up by members
6. Adjournment
