

Minutes of the Board of Education **Ad-Hoc Food Service Committee** meeting held on **Monday, May 16, 2011**, in the Board of Education Offices.

Committee Members Present: Amy Mannion

Committee Members Absent: Jill DeRosa

Attendance: Amanda Riley

Administrative Attendance: T. Yonsky

Meeting began at 4:00 p.m.

1. Food Service Management Contract Renewal

- a) Over spring break at Johnson and Rockwell School stainless steel line was installed with a cold section so we are now offering fresh fruits and veggies everyday. Steamers yet to be installed. Kitchens were painted "kid friendly" colors.
- b) Review healthier menu – what is working, what is not. The conclusion is we are on the right track (one example being fresh fruits and vegetable available in every cafeteria everyday.) We will continue to find products that are healthy, are appealing to the students and are affordable. Our greatest challenges are the bread products. As the new Healthy Food law is put in place, in 2012-2013, vendors will have better and a wider variety of choices to purchase.

Increase in management fee at CPI around 1.9%. Recommending renewal.

2. 2011/2012 School Year Lunch Prices

Modest 10¢ increase to prices.

Meeting adjourned at 4:55 p.m.

T. Yonsky, Recorder
