

Hi,

I met with Dan this morning regarding some proposed changes to the Transfer Station Information sheet for 2024 that the Town Clerk will distribute when residents apply for Transfer Station permits.

The discussed proposed changes will need to be approved at the next BOS meeting.

**Proposed Change #1:**

I am proposing adding "Food Scrap Waste" to the schedule at \$1.00 per bucket if the Town feels we are moving towards permanency with the program.

**Proposed Change #2 - Dependent on acceptance of #1:**

If so, I can also add to the schedule the list of food scrap items accepted at the transfer station, as follows:

**"Food Scraps Accepted:** Fruits, Nuts and Vegetables (remove bands, ties and stickers); Household Plants and Floral Bouquets; Plate Scrapings; Sauces, Soup & Gravy, Coffee Grounds; Filters & Tea Bags; Dairy Products & Egg Shells; Bread, Pasta & Grains; Meat & Poultry (bones also); Fish (including Shellfish)

**Proposed Change #3:** Peter and Todd recommended a change to the line item below due to the discrepancy between a loveseat type of couch versus a full size couch with a sleeper mattress:

"Couches (all sizes), Desks and Dressers etc. \$25 each"

Proposing the following change:

Desks and Dressers, will be added to the Tables, Chairs, End Table, etc. line item at \$0.25 per lb (as they weigh these items and charge accordingly at present)

Couches (fee dependent on size of couch) \$25 - \$35 per item

Attached are the current schedule and the proposed schedule with referenced areas highlighted on each.

Any questions, please let me know.

Thank you.
