New business:

- **Consideration of adopting a single format budget sheet**

Fred Ingram spoke to Tom Galliford and he put together a single form budget sheet when he was chief and Fred obtained a copy for both departments to be able to use as a template to work off of. We will forward the template to the Chief's so they can add or take off a line item to make it work for them. Discussion ensued.

- **Consideration of future budget expenditures**

Fred Ingram had a conversation with Dan and Brad regarding the month expense reports and not having enough information to understand what is being paid for. The discussion led to having any items that are not a specific line item in the budget have to come before the fire commission for approval before being purchased. Also, discussed the possibility of having all the bills and invoices be reviewed by the fire commission before they go to Comptroller. Discussion ensued.

Motion made by Fred Ingram, and seconded by Doug Cuny, to defer consideration of future budget expenditures to next month's meeting. Vote, all in favor. Motion carried.

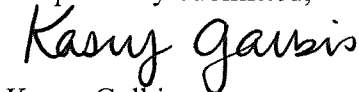

- **Consideration of a recommendation to prepare a universal SOP or SOPs for both department regarding scene safety at highway and roadway incidents, specifically lane blocking**

Fred Ingram brought up a past accident he witnessed and saw how the personnel was set up for the accident and it was unsettling. In the past, Fire & EMS have had push back from the PD in regards to blocking lanes. Discussion ensued.

Motion made by Fred Ingram, and seconded by Doug Cuny, to recommend to the Chief's that they work together to formulate a universal scene safety and lane block SOP, and bring to the Fire Commission by the December meeting. Vote, all in favor. Motion carried.
