Dear Justin Bechtold,

Republic Services is pleased to provide you with this Quote for the services outlined below in the Scope of Work. We pride ourselves on being responsive and delivering a quality service. We appreciate being considered for this opportunity. Upon your review, if there are any changes to the Scope of Work, or if additional services are required, we would be pleased to discuss any additional needs you may have.

Quote is based on estimated work date: 08/05/2024 - 08/06/2024

SCOPE OF WORK

ACV Enviro will provide all labor, equipment , and materials needed to remove & dispose of the 10,000-gallon fuel oil UST from the property.

Work will be performed under Department of Administrative Services (DAS) contract 19PSX0249.

The scope of work will include:

CBYD will be notified.

The tank will be uncovered, opened and cleaned using confined space entry.

The fuel piping within the boiler room will be vacuumed out and a solution of water and Simple Green cleaner will be used to flush the piping.

Following the cleaning, the UST will be removed and disposed.

An LEP will be utilized for proper soil sampling, documentation and notifications

Following sampling, the tank grave will be backfilled and compacted.

ACV Will bring the excavation up to a rough grade.

Repair to concrete walkway is listed as an optional service.

Topsoil and grass seed (if needed) to be supplied by client.

Task 1 - UST Removal

ASSUMPTIONS & CONTINGENCIES

- ACV will request CBYD to mark out underground utilities. ACV Enviro is not responsible for any damage to public or private utilities not marked by CBYD.
- Concrete restoration estimate is based on an area of 12' x 30' and may change based on site conditions.
- Any permit fees (if applicable) will be billed additionally.
- Republic Services will have free and easy access to the work area.
- Pricing is based on work being completed during normal business hours Monday - Friday.
- Any expendables used are charged in accordance with Republic Services' current expendable price list.
- Applicable local, state, federal, transporter and/or other applicable taxes or fees will be added to the invoice.
- The labor, materials and equipment portion of this quote is lump sum; it is based on information provided by you and/or gained at the site tour. Any conditions that differ may result in additional charges.
- All labor, vehicle and equipment charges are billed on a portal-to-portal basis, including time to analyze and off-load the waste at the disposal facility. Overtime rates will apply for hours worked over 8 hours in a day, all hours before 7:00 am, after 3:00 pm, on weekdays and all day Saturday. Double time rates apply for hours worked on Sunday and Holidays.
- Disposal pricing is based on profile and analytical review and acceptance.
- This quotation is based on the generator's characterization of the waste. Off-specification charges will apply if the actual waste does not meet the expected specifications.

TASK 1 - UST REMOVAL

- Any liquid disposal exceeding 150 gallons will be billed additionally at \$0.87/gallon.

TERMS & CONDITIONS

Except where superseded by an existing service agreement between customer and an Republic Services entity, the terms and conditions below apply to this quoted business proposal.

- This quoted estimate is provided based upon information provided by or gathered at customer's location. Any deviations from this quotation will be invoiced based upon actual labor, materials, and/or disposal services provided by Republic Services and will be billed at a time and materials basis.

Quote-CT109037

- This quotation is based on the generator's characterization of the waste and the Republic Services assigned Process Code. Waste materials that are received and do not conform to the assigned Process Code may be subject to re-coding and correction of charges.
- A manifest fee of \$25.00 per manifest will be added to each invoice. Any additional fees from disposal facilities are charged at invoice cost plus 30%.
- Net due 30 days with prior credit approval unless modified by executed purchase order or contract. Finance charges of one and one half (1.5) percent per month will be due on payments past due after thirty days from date of invoice.
- Applicable Taxes, including local, state and federal taxes and/ or fees are not included in the quoted rates and will be applied to each invoice as applicable.
- An Energy and Environmental Compliance (EEC) surcharge will be included in the invoice.
- Client is responsible for time, material, and disposal charges to decontaminate utilized equipment if necessary. Said charges will be at Republic Services standard T&M rates and disposal cost plus 30%.
- In the event legal or other action is required to collect unpaid invoice balances, Customer agrees to pay all costs of collection, including reasonable attorneys' fees and agrees to the laws, jurisdiction, and venue of the state of New Jersey.
- This Quotation is valid for 30 days. Pricing is based on the current market capacity, conditions, and Government regulations. If a significant market-wide pricing, capacity or regulatory change affects our pricing, this quotation is subject to change.
- Unless superseded by a fully executed agreement with terms that conflict, additional terms & conditions located at <https://www.republicservices.com/cms/documents/Environmental-Solutions/ACV-General-Terms-and-Conditions.pdf> are hereby incorporated by reference and are agreed to and acknowledged by customer.

Republic Services appreciates the opportunity to work for you. We sincerely look forward to performing this project. Should you have any questions, please do not hesitate to call me directly at 203-384-6020
